VASCULAR SOLUTIONS TO PARTICIPATE IN THE RBC CAPITAL MARKETS 2010 HEALTHCARE CONFERENCE

MINNEAPOLIS, Minnesota -- Vascular Solutions, Inc. (Nasdaq:VASC) today announced that the Company is scheduled to participate in the RBC Capital Markets 2010 Healthcare Conference in New York City on Tuesday, March 2, 2010 at 10:00am (EST).

Howard Root, Chief Executive Officer of Vascular Solutions, will participate on the "New Product Stories in Med Tech" panel. To hear the live audio webcast go to the investor relations page of the Company's web site <http://www.vascularsolutions.com> and click on the "IR Conferences" icon a few minutes prior to start time to download any necessary software.

About RBC Capital Markets

RBC Capital Markets is an international corporate and investment bank that provides innovative solutions and a focused set of products and services to institutions, corporations, governments and high net worth clients around the world. For more information, visit <http://www.rbccm.com/>.

About Vascular Solutions

Vascular Solutions, Inc. is an innovative medical device company that focuses on developing unique clinical solutions for coronary and peripheral vascular procedures. The company's product line consists of over 50 products in three categories: catheter products, hemostat products and vein products. Vascular Solutions delivers its products to interventional cardiologists, interventional radiologists and vascular surgeons through its direct U.S. sales force and international distributor network.

The information in this press release contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements. Important factors that may cause such differences include those discussed in our Annual Report on Form 10-K for the year ended December 31, 2009 and other recent filings with the Securities and Exchange Commission. The risks and uncertainties include, without limitation, risks associated with the need for adoption of our new products, lack of sustained profitability, exposure to intellectual property claims, significant variability in quarterly results, exposure to possible product liability claims, the development of new products by others, doing business in international markets, the availability of third party reimbursement, and actions by the FDA.
