VASCULAR SOLUTIONS TO PRESENT AT UP-COMING HEALTH CARE CONFERENCES

MINNEAPOLIS, Minnesota -- Vascular Solutions, Inc. (Nasdaq:VASC) today announced that the Company is scheduled to present at the CIBC Healthcare Conference on Tuesday, November 6, 2007 at 9:10am (EST) and at the Canaccord Adams Cardio Conference on Tuesday, November 13, 2007 at 10:15am (EST).

Howard Root, Chief Executive Officer of Vascular Solutions, will deliver both of the presentations. To hear the live audio webcast and view the slides of Vascular Solutions' CIBC presentation, go to the investor relations page of the Company's web site <http://www.vascularsolutions.com> and click on the "IR Conferences" icon a few minutes prior to start time to download any necessary software.

About CIBC

CIBC World Markets is the wholesale and corporate banking arm of CIBC, providing a range of integrated credit and capital markets products, investment banking, and merchant banking to clients in key financial markets in North America and around the world. They provide innovative capital solutions and advisory expertise across a wide range of industries as well as top-ranked research for their corporate, government and institutional clients. For more information visit www.cibcwm.com

About Canaccord Adams

Canaccord Adams is a leading independent financial services firm committed to fostering the entrepreneurial economy by bringing corporate and institutional clients a unique perspective on global investment opportunities. With operations in research, sales and trading, and investment banking, their 225 professionals seek out emerging opportunities in their key sectors — Mining and Metals, Energy, Technology, Life Sciences, Real Estate, Industrial and Consumer Growth. More information is available at www.canaccordadams.com

About Vascular Solutions

Vascular Solutions, Inc. is a medical device company that focuses on developing unique solutions for unmet clinical opportunities within Interventional radiology and Interventional cardiology. New products introduced since the second half of 2003 include the Vari-Lase® endovenous laser product line for the treatment of varicose veins, the D-Stat Dry™ hemostatic bandage for the rapid control of topical bleeding, the Pronto™ extraction catheter for the mechanical extraction of soft thrombus, the Langston® dual lumen catheter for the measurement of aortic stenosis and the Twin-Pass™ dual access catheter for dual wire access in interventional cardiology procedures. The Company's other major products include the Duett™ sealing device to rapidly seal the puncture site following catheterization procedures and the D-Stat® Flowable hemostat for the local management of active bleeding.

The information in this press release contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements. Important factors that may cause such differences include those discussed in our Annual Report on Form 10-K for the year ended December 31, 2006 and other recent filings with the Securities and Exchange Commission. The risks and uncertainties include, without limitation, risks associated with the need for adoption of our new products, limited working capital, lack of profitability, exposure to intellectual property claims, dependence on key vendors, exposure to possible product liability claims, the development of new products by others, doing business in international markets, limited manufacturing experience, the availability of third party reimbursement, and actions by the FDA.
